F-GAS TRAINING

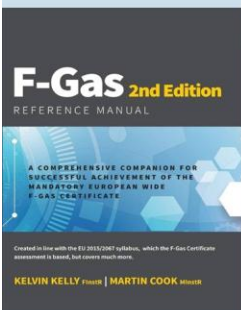

LEVEL 3 RQF IN FLUORINATED GASES

We are now offering the fully accredited qualification (F Gas) delivered here at Walsall Training Centre. Ideally suited to experienced engineers there are 2 courses available, for Cat 1 engineers:

- 3 Day Introduction Course
- 5 Day Full Qualification Course *
- 8 Day Combined Course

Open to all gas / heating engineers and plumbers, this is an ideal opportunity to get involved legally, working with Fluorinated gases. Air Source Heat Pumps, Air Conditioning, and Refrigeration.

For more details, costs, dates or to book on, please call Steve Edis 01922 612121 or email info@walsalltraining.com

F-Gas Regulations

EXCITING NEW COURSES COMING SOON

BOILER FAULT FINDING & BREAKDOWN DIAGNOSTICS

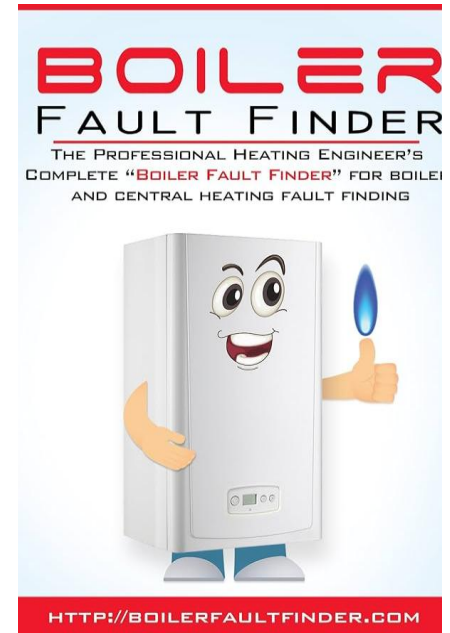

We will soon be running a 2.5 day boiler breakdown course. This will be aimed at engineers who wish to gain skills and knowledge in diagnosing boiler faults and repairs.

This comprehensive, hands on training course will be delivered by fully experienced and qualified Boiler breakdown engineers, who have a wealth of knowledge in this area.

PLEASE REGISTER YOUR INTEREST BY EMAILING

INFO@WALSALLTRAINING.COM

Due to the small class sizes, and anticipated demand, places are at a premium and will be booked on a 1st come 1st served basis. Please get your name down on the list as quick as you can.
